

# BizNet News Photographer

Today, you are responsible for photographing citizens and the various events happening during the day at JA BizTown. The photos will be displayed on the TV outside of BizNet News during the day and you will create Pic Collages to AirDrop to the editor's iPad to be added to today's publication.

## 1. Get iPad From the Cart

Your job requires you to use an iPad today. Go to the iPad cart to pick up **iPad #10**. A teacher will be at the cart if you need assistance.

## 2. Before the Pledge of Allegiance:

- Read "**Taking Great Photos Tips**" in this folder.
- Read the **Pic Collage Instructions** in this folder.
- Read the **Mirroring Instructions** in this folder.
- Review the **Photographer's Shoot List** on your clipboard.

**Important Reminder:** Citizens with an orange dot on their name tag do not have their parents' permission to be photographed. **DO NOT take pictures of anyone wearing an orange dot.**

## 3. After the Pledge of Allegiance:

- Wear your **Press Pass** while out in the town. The **Press Pass** will come in the business supplies from Distribution and Delivery.
- Using the **Photographer's Shoot List** begin taking photos with your iPad around town. Be creative. Photos do not need to be on the list to be included.
- After you have taken about 10 photos, **AirDrop** the good photos to the **Mirroring iPad** in the wall pocket. Refer to the **Mirroring Instructions**. Keep the TV outside your business updated with new photos throughout the day.

## 4. Create Photo Collages

Follow the instructions in your manual to create photo collages using the **Pic Collage App** on the iPad.

- Use pictures you have taken throughout the day to make one or more photo collages of your school's day in BizTown.
- AirDrop** each finished collage immediately to the Editor's iPad. **Do Not Wait** until the end of the day. The Editor will need time to add the collages to the publication.

## 5. Clear iPads

- a. Follow the **Clean Up Instructions** in this folder to **delete all photos and Pic Collages** from the #10 Photographer iPad.
- b. Delete all photos from the Mirroring iPad as well. The mirroring iPad remains in the wall pocket at the end of the day.
- c. Take your iPad and give it to the teacher stationed at the iPad carts.

## 6. Clean Up

Assist with business clean up at the end of the day.
